NO. 240.

TAX FIGURES ARE RECEIVED

STATE COMMISSION PASSES ON
NODAWAY ASSESSMENT.

SOME CHANGES MADE

Farm Land and Town Lots Down. Sev-
eral Other Classes Up.—\$57,533.-
331 Without Banks.

The tentative assessment of prop-
erty in Nodaway county, on which 1928
taxes are to be levied, has been fixed
by the state tax commission at \$57,533,
331, not including bank stock.

A communication from William M.
Chapman, secretary of the tax commis-
sion, to Fred Wright, county clerk, sub-
mits increased figures over last year on
mules, sheep, hogs, "other livestock,"
farm machinery, household property,
bee colonies and "all other personal
property."

Slight decreases are recommended on
farm land; town lots; horses; asses and
jennets; cattle; money, notes and
bonds; and motor vehicles.

No tentative value of bank stocks
was recommended. Bank stocks on
which 1927 taxes were levied valued
at \$882,829.

Hearing on March 12.

Mr. Chapman stated that March 12
has been fixed as the date for a meet-
ing of the state tax commission when
it will give the tax payers of the
fourth congressional district a chance
to appear, preparatory to submitting
the values of real and personal prop-
erty, as equalized between the coun-
ties of the state, to the state board of
equalization.

Mr. Chapman said, "The tax com-
mission suggests that you (Mr. Wright)
take this matter up with the county
court, the farm organizations, commer-
cial clubs and newspapers or other or-
ganizations or individuals interested
in the matters of taxation so that if
they desire to have representatives ap-
pear before the tax commission they
may do so upon the date designated.
Representatives of your county may
appear personally or you may file
written suggestions and opinions rel-
ative to the valuations which you think
should be placed on the property of
your county. If representatives ap-
pear in person, may we suggest that
they submit written data in order that
the tax commission may give the mat-
ter careful consideration after the
hearings are over."

Compared With 1927.

The following comparison shows the
values of all the various classes of
property upon which taxes were paid
in 1927 and the tentative values con-
sidered by the tax commission upon
which the 1928 taxes will be paid:

Class of property	Value upon which taxes were paid in 1927	Tentative value re- commended for taxes of 1928
Farm land	\$45,868,535	\$45,403,455

IN DEMOCRAT PRIMARY

"Laws on the Statute Books to Be
Enforced," Candidate's An-
nouncement Says.

Ellis G. Cook filed today as a candi-
date for the Democratic nomination for
prosecuting attorney of Nodaway
County. Mr. Cook is the first to an-
nounce for that office.

Mr. Cook said:
"Should my party nominate me as
its candidate at the August primary
for the office of prosecuting attorney,
and the people of my county elect me
in November, I would consider it a
high honor to hold the office of pro-
secuting attorney, and follow the many
fine lawyers who have held that office.
"If elected, I shall take with me into
that office my eighteen years of ex-
perience at the bar and will seek to
give to the office that same diligent
attention that I have always given my
private practice.

"I can only promise that the laws on
the Statute Books will be enforced."
Mr. Cook was born and reared in
Nodaway County. Before entering the
practice of law, he taught school for
twelve years. Mr. Cook filed his decla-
ration today because it was the birth-
day anniversary of his partner, the late
Charles F. McCaffrey, who died last
November.

A HUNDRED AT SCHOOL MEET

FRYER AND GODBEY TALK TO
COUNTY BOARDS.

FEWER DISEASES NOW

Members Hear Talk on Music by
Representative of Talking Mach-
ine Company.

Approximately one hundred men
and women, members of school boards
of Nodaway county, attended the an-
nual Nodaway county school board
convention held in the circuit court
room this afternoon. Leslie Somer-
ville, county superintendent of schools,
presided.

Dr. C. P. Fryer, Nodaway County
health officer, opened the meeting
with an address, "Health, Past and
Present." The physician stressed the im-
portance of health for the school
child, proving that health is an essen-
tial to efficient school work. He point-
ed out that the schools should be
kept free from communicable diseases.

In closing, he quoted some statistics,
compiled by County Superintendent
Somerfield, and which appeared in
School and Community, the official
publication of the Missouri Teachers
Association, which showed that the
enrollment in rural schools in Noda-
way county had decreased within the
last five years, but that the total
number of days of school attendance
had actually increased. This shows
that health conditions in this county
are improving, Dr. Fryer said.

Miss Margaret Streeter, a represen-
tative of a talking machine company
appeared on the program.

Her short address was on "Music."
In introducing her subject, Miss Street-
er said, "We in the United States spend
more money for music than any other
nation in the world. We spend 375 mil-
lion dollars a year, so you see music
is becoming an important phase of our
lives, and the child must have some in-
troduction to it when he is growing up
and has time to learn about it."

Miss Streeter gave a short apprecia-
tion lesson illustrating how music can
be used advantageously in the school.
Since she had no children to work with,
she asked the dignified school board
members to play children for a few min-
utes and follow her through the lesson.
They enjoyed their trip into childhood.

J. C. Godbey, state inspector of
schools, delivered the next address on
the program, taking for his subject,
"Teacher Preparation." Mr. Godbey
pointed out that the teacher above all
things should be a natural teacher, and
that her personality, academic training
and professional attitude should serve
to make her more desirable as a teacher.
He stressed the point that the teacher
is the pivot around which all the rural
school revolves.

HOOVER INTO INDIANA FIGHT

BITTER STRUGGLE WITH OLD
GUARD MACHINE SEEN.

OPONENT POWERFUL

Watson Strongly Entrenched in Hoos-
ier Politics, as Willis
Is in Ohio.By Paul R. Mallon.
United Press Staff Correspondent

Washington, Mar. 9.—Secretary of
Commerce Hoover has started a bare-
fist struggle against his silent opposi-
tion with his entry into the Indiana pri-
mary, Republican politicians of all fac-
tions believed here today.

In Ohio and Indiana—the heart of
Republicanism—he has pitted himself
against Senators Willis and Watson,
two of the most powerful leaders of the
Old Guard, which has been most influ-
ential in the party for the last quarter
century.

The outcome of the dual fight will
have an important bearing not only
upon Hoover's individual candidacy but
upon control by the Old Guard in the
two central states.

Reports Encouraging

Hoover late yesterday filed against
Watson because of encouraging re-
ports of anti-Watson leaders in Indi-
ana. They told Hoover he had a good
chance to carry the state against the
"favorite son." Watson has run Re-
publican politics in the state almost
single handed the last few years. His
organization dominated insurrections
started by Postmaster General New and
the late Albert Beveridge eight and
more years ago.

Recently, however, there have been
numerous uprisings in local politics
which Hoover's friends believe have
hurt the Senator. Hoover's issue there
will be: "Shall Jim Watson continue
as leader in Indiana?" The Secretary's
friends here say, "It is the same issue
which drew him into Ohio to contest
against Willis."

Holt County to Send Ten Delegates Here

Republican Convention There Endorses
Clements and Mrs. Burlingham,
Congratulates Faust.

Holt county Republicans, in a coun-
ty convention held at Mound City Tues-
day, selected ten delegates and ten al-
ternates to attend the district conven-
tion to be held in Maryville on March
20 and also named six delegates and
alternates to attend the state conven-
tion at St. Joseph on March 26.

The county convention there sent the
delegation unopposed, commended Dr.
E. B. Clements of Macon as national
committeeman and Mrs. Grace Burling-
ham of St. Louis as national commit-
tee woman, and extended congratulations
to Charles L. Faust for his refusal to
be a candidate for United States sen-
ator.

The resolution congratulating Con-
gressman Faust was as follows:

"That we extend to Charles L.
Faust, our representative in Congress,
our congratulations on his refusal to
permit his name to be used as a candi-
date for United States senator, thus as-
suring the Fourth congressional district
Republican representation in the halls
of Congress, and retaining a man of the
high character and ability of Hon.
Chas. L. Faust, whose incumbency and
accomplishments are sources of pride
to the Republicans of Holt County."

The delegates and alternates selected
to attend the district convention in
Maryville are:

Delegates: Mrs. A. O. Swope, Charles
M. Marston, Mrs. Uley Banks, Mrs. Ar-
thur Garton, Mrs. F. L. Staleup, Mrs.
W. S. Zeller, Lloyd Dinkers, N. L.
Planalp, Mrs. Ves Kellogg, O. E. Emery.
Alternate delegates: Wm. McKee,
Mrs. J. E. Weller, S. A. Meyer, W. C.
Stevenson, E. E. Richards, Jacob Weh-
rli, Mrs. L. C. Dobyns, Mrs. Chas.
Hornecker, W. B. Scott, Mrs. O. E.
Emery.

Atchison county Republicans will hold
their convention today and Andrew
county will hold their county meeting
Monday.

in That State's Presidential
Sacramento, Cal., Mar. 9.—Gov. Al
Smith of New York today qualified for
first place on the Democratic ballot in
the California presidential primary
election, May 1.

This announcement was made by Sec-
retary of State, Frank C. Jordan upon

and 238 names from Sacramento. This
gives a total of 1,437 signatures while
1,413 were sufficient to qualify.

ANOTHER OIL WITNESS GONE

SENATE COMMITTEE CAN'T FIND
UPHAM'S SECRETARY.

"HIDING," SAYS WALSH

A. V. Leonard Wanted in Attempt to
Learn How Republican Treasurer
Used Sinclair Bonds.

Washington, March 9.—Another miss-
ing witness baffled the Senate Teapot
Dome committee today.

A. V. Leonard, Chicago, former Sec-
retary to the late Treasurer Fred Up-
ham on the Republican national com-
mittee, could not be found after a
three-day search, the Chicago marsh-
al's office reported to Senate Sergeant-
at-Arms Barry. Barry in turn advised
Senator Walsh, members of the com-
mittee, who told the United Press that
Leonard "undoubtedly is hiding."

It was said no action can be taken
against Leonard until he is found. If
the committee's subpoena is served,
and Leonard then fails to appear, he
may be cited in contempt of the Sen-
ate.

Expected Yesterday

Leonard was expected to appear at
the committee's hearing yesterday with
Upham's books, in the committee's at-
tempt to learn how Upham disposed of
some Liberty bonds contributed to the
Republican party by Harry F. Sinclair.
His name was called, but he did not
answer.

Three subpoenas for New York wit-
nesses were issued this afternoon in an
effort to trace the Continental bonds
which came into possession of the late
John T. Pratt, prominent Republican.
The subpoenas were for Edmund De
T. Beckett, attorney, L. C. Amos, and
W. E. Hammell, trustees of the Pratt
estate.

The subpoenas called for records
showing receipts of any Liberty bonds
by Pratt from Sinclair, Will Hays or
Col. Robert W. Stewart.

Office of Chairman Rifled

Information indicating that the of-
fice of Chairman Nye of the Senate
Teapot Dome committee had been rif-
led during two week-ends in January
was disclosed today.

Nye's office force, on coming to
work two Monday mornings, found
papers disarranged, drawers open and
the chairs out of places, where they
were left the previous Saturday night.

The third Saturday night his sec-
retary remained hidden in the office but
no one appeared.

Close investigation failed to show
any records or papers missing.

Nye has not reported the matter to
authorities and declined to make any
statement concerning the affair.

MOTOR TURNS ON INVENTOR

LESTER HENDERSHOT RECEIVES
ELECTRIC SHOCK.

CAN'T MOVE HIS ARMS

Designer of "Fuelless Motor" said to
Have Been Experimenting and
2,000 Volts Pass Through
Body.

Washington, Mar. 9.—Lester Hen-
dershot of Pittsburgh, Pa., inventor of
the "fuelless motor", was in Emer-
gency Hospital here today following
an electric shock that left him tem-
porarily paralyzed.

He was shielded from interviewers.
Though the accident occurred Tues-
day, it became known only today be-
cause hospital attendants listed him
merely as "an electrician" and did not
connect him with the mysterious "fuel-
less" engine.

The patient was admitted to the
hospital Tuesday, unable to move his
arms or legs or use his palate. Doctors
said the members were paralyzed.
After five hours' treatment, the man
recovered sufficiently to say he had
been experimenting with a motor and
believed 2,000 volts of electricity
passed through his body.

Today the patient could eat, but
nerves in his arms and legs still were
partly paralyzed. No one was permitted
in his room except the doctor, who
said Hendershot merely indicated he
was an electrician and made no refer-
ence to a "fuelless motor."

Hendershot did, however, give his
address as the Lee House, where he
and his backer, J. Barr Peat of Penn-
sylvania, registered last Sunday.

Flight to Venus Is Postponed to Summer

Can't Get Rocket Ready in Time for
Spring Meteoric Cycles.

Condit Says.

Miami Beach, Fla., Mar. 9.—Robert
Condit, Ohio inventor, today postponed
until late summer his projected "rock-
et flight" to the planet Venus.

Condit said he lacked funds neces-
sary to complete the torpedo-like
craft in time to take advantage of
"winter or spring meteoric cycles."

Unnamed original backers have de-
serted him, he said, adding, however:
"I have received word from E. G.

Rodman Wanamaker, Big Merchant, Dies

A Cold Fatal to Owner of Department Store Chain—Backed Flights by Byrd.

Atlantic City, N. J., March 9.—Rodman Wanamaker, 64, son of the founder of the Wanamaker stores, died at his home here at 2:30 a. m., today.

Wanamaker had contracted a cold earlier in the week but his condition did not become critical until last night.

His son, Capt. John Wanamaker, jr., and a sister, Mrs. Hector Mann, were at the bedside.

Wanamaker was one of the principal backers of the airplane exploits of Commander Richard E. Byrd, including the flight to the north pole and the trans-Atlantic flight last summer.

Wanamaker's father, John Wanamaker, was perhaps America's greatest merchant, founding the chain of big department stores which bear his name. At his father's death, Rodman Wanamaker inherited these properties and has been in active charge of them for many years.

In addition to his stores in New York, Philadelphia and London, Wanamaker owned the Philadelphia Record, a morning newspaper. Although he always has been a Republican, the Record was Democratic when he bought it and he did not change its politics.

Wanamaker also was one of America's leading yachtsmen.

The Campaign Log

March 9—By United Press.

Secretary of Commerce Herbert Hoover decided to enter the Indiana Republican primaries against Senator James Watson, the "Favorite Son."

The New York state committee of the Republican party meets at noon to decide on the seven delegates at large to the Republican national convention at Kansas City.

Senator Reed left his home in Kansas City for Oklahoma City to continue his national speaking tour.

The real Republicans, or anti-non partisan leaguers, of North Dakota endorsed the candidacy of Frank O. Lowden for the Republican presidential nomination.

A campaign started to obtain the Democratic delegation from California for Senator Thomas J. Walsh of Montana.

The Norris-Lowden slate of delegates to the Republican national convention from Nebraska endorsed Senator Norris, Neb., as the Republican presidential nominee.

Homer Martin of Paris, and Miss Bess Grojan of Dalton were selected alternates.

Presidential candidate discussion at the convention appeared to center entirely around Lowden and Vice-President Charles G. Dawes.

Supporters of Lowden were encouraged with reports from the 14th district where three counties have instructed their delegates to vote for Lowden instructed representatives to the national meeting. The 14th district convention is to be held at West Plains next Monday.

STATE BUDGET IS DISCUSSED

LAMKIN ATTENDS A MEETING AT ST. LOUIS.

TO FRAME NEW PLAN

Educators Voice Opposition to Taking Fiscal Control Away From Regents.

Uel W. Lamkin, president of the Northwest Missouri State Teachers College, spoke at a conference of the directors of the Associated Industries and the heads of the State educational institutions in St. Louis yesterday morning.

At one conference yesterday, steps were taken toward an agreement on provisions for a revised state budgetary bill to be introduced in the next Legislature. The measure probably will differ in several respects from the one defeated in the last Legislature. Establishment of a budget system along the lines first proposed has been opposed by Dr. Stratton D. Brooks, president of the University of Missouri, and the heads of the State Teachers Colleges.

Presidents of the other four Teachers Colleges in Missouri were present at the meeting and also spoke in opposition to the former bill.

The educators, after outlining their objections, said they would not be opposed to a budget system which did not take the fiscal control of their institutions out of the hands of the boards of regents. They argued that no purely administrative officer in Jefferson City should have the power to determine whether expenditures should be made by educational institutions for technical needs, and that such a provision of law would put the institutions into politics and could cause irreparable damage to them.

They offered to appoint a committee of their number to work with the committee of the Associated Industries and with representatives of other state organizations in the preparation of a bill. This plan, it was announced, probably will be carried out. The conference continued today.

President Lamkin will return from St. Louis today or tomorrow and will speak at a regular meeting of the Buchanan County Teachers Association in St. Joseph tomorrow afternoon.

They have been living in Nodaway County since 1880. They farmed for a while southwest of town, and have been living in Maryville since 1903.

RAILROAD IS FIGHTING BUS

BURLINGTON PROTESTS ST. JOSEPH-HANNIBAL LINE.

HASTINGS APPLICANT

Public Service Commission Holds Hearing on His Plan and One Other.

Jefferson City, March 9.—Hearings before the State Public Service Commission on the applications of Ira Cook of Columbia, Mo., and C. R. Hastings of Maryville, Mo., each seeking certificate of convenience and necessity to operate a bus line between Hannibal and St. Joseph, were started yesterday.

Cook's application was taken up in the forenoon session. He proposes to operate a fleet of seven 21-passenger busses.

Protests to the granting of the permit were filed by the C. B. & Q. Railroad, several bus companies operating along the route, and several communities served by the other bus lines. No through bus connections between Hannibal and St. Joseph on Highway No. 36 now exist.

Hearings on Hastings' petition got under way at the afternoon session. No action will be taken by the commission until all testimony has been studied, and all opponents of the proposed bus line have been given an opportunity to appear.

May Discontinue Service.

Brookfield, Mo., March 9.—Opposition to the proposed establishment of bus lines between Hannibal and St. Joseph has been led by the Burlington Railroad Co., whose lines the proposed bus routes would parallel.

J. E. Carroll, assistant superintendent of the railroad, says that he has attended meetings of citizens and Chambers of Commerce in more than 20 towns along the Burlington route in Missouri, and that all of these towns have adopted resolutions against granting the proposed bus permits.

The railroad company asserts that its local passenger revenue has been steadily decreasing on account of the competition of automobiles. If the bus lines are permitted to operate, it says, its business will be decreased to such an extent that it will have to curtail train service between Hannibal and St. Joseph. This in turn would affect cream, milk, mail and express service to the cities, and would work a hardship on small towns along the route.

The railroad claims that it should be granted protection against the competition of the proposed bus lines because it is one of the largest tax payers and employers in every county through which it passes.

Benevolence Club Meets Last Night

Mrs. Henry Wilson was hostess to the social meeting of the Phyllis Wheatley Benevolence Club last night at her residence, 422 West Fifth street. The guests were the Rev. A. J. Bell and Mrs. Bell and Mrs. Gertrude Parrent.

A program was rendered by the members. Opening song, "For You and Me," scripture reading, second chapter of St. John, was read by the chaplain, Rev. C. C. Baker; invocation by Rev. A. J. Bell. A song, "Sweet Peace," was sung. Outlining the past and present work of the club by president, Mrs. C. C. Baker was next on the program. "Leaning on the Everlasting Arms" was responded by the Reverend Bell. A poem was read by Mrs. Henry Wilson. "Rescue the Perishing" was sung. The social side of the club was discussed by Mrs. B. F. Smart. Henry Wilson talked on "What the club has been to me."

Mrs. Malcome sang a solo. Remarks were given by B. F. Smart. Charley Martin also gave a talk. "Scatter Seeds of Kindness" was next. The white rose is the chosen flower of our club; symbol of love, purity and service, was read by Miss Fannie Fleener. A talk by C. C. Baker was given. A song closed the meeting.

Most modern cars are built so soundly that 50,000 miles—five years of average service—are very common. Since most of the cars in our stock have been in use no more than a year or two, there still remains three or four more years of hard wear. Therefore, at the bargain prices on these cars your average mileage cost is reduced to the minimum.

Mr. Moulton leaves three daughters, Mrs. Pearl Cardy of King City, Miss Ella Lee Moulton of Aberdeen, S. D., and Mrs. M. C. Prunty of Tulsa. He was an elder in the Presbyterian church.

Although similar propositions have been defeated in previous elections, it is expected the issue will go over this time, although a two-thirds majority vote is necessary to carry the proposition. Rosendale has had a four-year ap-

proved high school for many years, but from the state inspector's recent report, the school is expected to go back to a two-year school should the bond fail to carry, according to Superintendent R. F. Runyan.

What Nodaway County Churches Are Doing

There Is Enough for Everybody

Comment on the Uniform International Series for March 11, 1928. Read Mark 6.

Wm. Southern, Jr.

There is an old Jewish blessing which is so comprehensive that it fills in a few words the sum of human petition and at the same time gives thanks to God for all that he has done for us. It is a blessing used commonly by the Jews when he took the five loaves and two little fishes from the hands of a wonder-eyed boy and fed the five thousand. There are the words of that blessing:

"Blessed are thou, Jehovah, our God and our King, who maketh the bread to grow out of the ground."

The story of the feeding of the five thousand is familiar to every Bible student and to every Sunday school pupil. Jesus was at the height of his popularity, great crowds were thronging around him at every turn. He was nearing the end of a busy day and suggested to his disciples that they take the boat and row across to a retired spot where they might rest a little. The crowd watched them leave, divined their purpose and streamed around a bend in the sea and were waiting on the shore.

Jesus then taught them. Presently Andrew pulled at his coat and suggested that the crowd was hungry and should be sent away. He also told the Master that all the food in sight was a boy's lunch, five barley loaves and two small dried fish about the size of our sardines. Jesus directed his disciples to seat the crowd in orderly rows with little aisles between and then he took the loaves and the fishes, blessed them and began serving. The text tells us that not only was every one fed but that there were twelve basketsful left over.

"An impossible story," a man once said to me when it was read in his presence. "You surely do not believe any such stuff as that. It is against nature and I do not believe in miracles." I did not know how to answer him then, but the answer came to me afterward and I carried it back to him. There was no more miracle in the taking of the five loaves and the two little fishes and multiplying them on the spot than there is in the sowing of a bushel of wheat in the fall and reaping when harvest comes thirty, fifty or a hundred bushels. Stretch this just a little further, grind that hundred bushels and make several hundred loaves of bread. Here is exactly the same miracle, a handful of what producing enough bread to feed many. I defy my pragmatic friend to show any difference between this miracle which we see every year, which we all know happens regularly and which none of us can explain, and the taking of the loaves of bread and producing the same result.

We can not account for the wheat multiplying itself through natural procedure except that God has so arranged it. In the story of the feeding of the five thousand God was right there. He simply did away with the reading of the minutes and the discussion and reached the same end. It was the same power which makes it possible for a world to live and be fed today. No other power has ever been able to even attempt the miracle yet we go serenely ahead and know that God never lies down on the job, that he will send the rain and produce the crop and all we have to do is to harvest and eat and live.

This story is the only miracle which is related in each one of the four gospels. John tells us about the boy. I would like to have been at that boy's house that night when he returned and told of his adventures. I wish I knew what effect it had on his after life. I know he never forgot the experience. Another interesting detail is that they took up twelve baskets full, one for each disciple. It is probable, is it not, that each disciple carried a little provision basket. Good food was not left to go to waste in those days and the disciples gathered the bread and fish for future use. Judas probably looked at the others, figured they would divide with him in case of need and sold his basket of food and put the money in his pocket. Peter probably gave his away to the first poor person who asked for it and there were many who had not been at the feast on the hillside. John forgot his basket when his beloved Master called them to move on and left it. Andrew

JESUS FEEDS THE MULTITUDES.

Lesson Text—Mark 6:31-44. Read also 8:1-10; Matt. 14:13-21; Luke 9:10-17; John 6:1-14.

31. And he saith unto them, Come ye yourselves apart into a desert place, and rest a while. For there were many coming and going, and they had no leisure so much as to eat.

32. And they went away in the boat to a desert place apart.

33. And the people saw them going, and many knew them, and they ran together there on foot from all the cities, and outwent them.

34. And he came forth and saw a great multitude, and he had compassion on them, because they were as sheep not having a shepherd; and he began to teach them many things.

35. And when the day was now far spent, his disciples came unto him, and said, The place is desert, and the day is now far spent;

36. send them away, that they may go into the country and villages round about, and buy themselves somewhat to eat.

37. But he answered and said unto them, Give ye them to eat. And they say unto him Shall we go and buy two hundred shillings' worth of bread, and give them to eat?

38. And he saith unto them, How many loaves have ye? go and see. And when they knew, they say, Five, and two fishes.

39. And he commanded them that all should sit down by companies upon the green grass.

40. And they sat down in ranks, by hundreds, and by fifties.

41. And he took the five loaves and the two fishes, and looking up to heaven, he blessed and brake the loaves; and he gave to the disciples to set before them; and the two fishes divided he among them all.

42. And they all ate and were filled.

43. And they took up broken pieces twelve basketfuls, and also of the fishes.

44. And they that ate the loaves were five thousand men.

Golden Text—I am the bread of life; he that cometh to me shall never hunger, and he that believeth on me shall never thirst.—John 6:35.

(Text is from the American Standard Edition of the Revised Bible copyright, 1901, by Thomas Nelson & Sons, and used by permission.)

was curious and went home with the boy who furnished the feast and gave his basket to the old people he found there and told the story of the miracle and the part their son had played. What I am trying to say is that all kinds of people were represented among the twelve and that they reacted in that day just as we do in this.

Jesus could have fed the multitude that day with the luxuries of the time. He could have given them turkey and cranberry sauce with mince pie had he desired to do so. But Jesus was not interested in luxurious dining. He knew that the dry bread and the dry fish was a banquet for the hungry and was all they needed and that is what he gave them. That is what he gives us.

Following the world war, Dr. A. Ross Hill resigned his place as president of the Missouri University and accepted a job from the Red Cross to feed the starving multitudes in Greece and Syria and other places. An appropriation of eight million dollars was made for the purpose and Dr. Hill did his job and returned three millions to the treasury for other relief. Asked how he accomplished it he said that he studied the lives of the people, and learned that they were accustomed to live well indeed on hard loaves of bread and olive oil. They would break off the top of a loaf, pour in the oil and there was a full meal. Dr. Hill bought

bread and olive oil, fed the starving, and performed over and over again the miracle of the Red Cross relief.

I make it a rule never to turn away a hungry man from my back door. Several times I have had men begging for food to become angry, throw good dry bread and cold meat on the ground and leave cursing the rich because they lived on the good things and had nothing for the poor. Jesus knew human nature. In our lives he gives us about all we can appreciate and some of us are never happy and are really doing just what the tramp did to me.

So-called scientists have said that inasmuch as the population of the world is increasing by millions every year the time will come when the earth can not feed them. I do not endorse this doctrine at all. The story of the feeding of the five thousand tells me better. This is God's word. He placed us here, he will see to it that the time never comes when his world will starve. He fed the five thousand. He feeds us in a miraculous way every day.

There will always be plenty of food as long as this old world lasts for every mouth to be fed. God does so many miracles every day that we ought not to be afraid that someday he will quit the job.

"Blessed art thou Jehovah, our Lord and our King, who maketh the bread to grow out of the ground."

The Rev. B. H. Dawson will preach at the Christian Church in Skidmore both Sunday morning and evening.

The Rev. E. K. Christie will conduct morning worship only, at the M. E. Church, South.

A representative of the Anti-Saloon League, Kansas City, will talk during the morning services at the First M. E. Church.

When Is Man Christian?

Editor, Democrat-Forum:

By your permission herewith are presented further reflections leading, it is thought to a conclusive scriptural answer to the question, "Can a man be a Christian outside the church?"

It is imperative, however, that such answer, purposely delayed hitherto should not even now be hurriedly reached.

The name Christian has come to be used with much latitude oftentimes in a sense different obviously from the scriptural signification which only is imported here.

The word is derived from the Latin Christians, that from the Greek Christians (XQLOLXVOSTI), that from Christos (XQLOIOTI) meaning one anointed and applied to Jesus as the anointed of God is used as an official title coming with the name of Jesus the proper cognomen of the Savior—"Jesus Christ."

The term is nowhere found in the Old Testament and only three times in the New.

Some years after the Gentiles were received, the church being established in various communities, the name divinely given or otherwise, was applied to the followers of Jesus. "And the disciples were called Christians first in Antioch." When Paul was making his defense before Agrippa, the king said, "Almost thou persuadest me to be a Christian." Peter exhorting church members to faithfulness said, "If any suffer as a Christian, let him not be ashamed."

It seems then only a follower of Jesus was called by that name. Therefore until Christ came and established his church there were no Christians—no followers of Christ. However, there were saints, those that walked with God by faith, lived and died in faith, without "having received the promises," "seeing them afar off," and "endured, as seeing him who is invisible." These, to us of the Christian dispensation constitute "a great cloud of witnesses" of the goodness and love of God.

Disciples, converts or Christians had forgiveness of sins, and were addressed by the Apostles as person "pardoned" or "justified in Christ," "sanctified," "reconciled to God," "adopted unto the family God," "saved."

Therefore, the application of the gospel of Christ to man in his sinful state—condemned, unholy, alien, lost, is to render him pardoned, justified, sanctified, adopted, saved—"in Christ. A new creature."

Such a one, and none else in Christ is a Christian. Is he in the Church, or out? It is said, "in the beginning," "and the Lord added to the Church, day by day, those being saved."

It seems, then, to be in Christ is equivalent to being in the Church. And to be in the Church is equivalent to being in Christ.

To further elucidate the situation, one has but to recall the last commission given by the Savior to the Apostles, under which the gospel is given to mankind, and in which are found stipulated the terms of pardon for man lost in sin.

This commission, the constitution of the Reign of Grace, and under which fall all New Testament examples of conversion given in Acts of Apostles, requires all, Jew and Gentile, no matter the previous moral or religious status, alike to submit to the same requirements as to conditions of pardon. One not submitting to these requirements, is necessarily "out of the

Church—out of Christ and hence, can not be a Christian.

Is this conclusion uncharitable? By no means. Jesus says, "Except a man be born again he can not enter the Kingdom of Heaven." Not to be born again is to be out of the Kingdom of Christ, the Church, and hence not a Christian.

Being honest, sincere, conscientious, moral, even godly, does not constitute one a Christian outside the Church.

Lydia, devoutly religious, Saul (Paul) "zealous toward God," touching righteousness in the law blameless, "having a conscience void of offense toward God," Cornelius, the personification of moral being, piously devout, whose "prayers and alms were a memorial before God"—these splendid characters, just as the notoriously wicked, those rotting with the leprosy of sin, had to "be born again," had to "put on Christ," automatically becoming members of His Church.

Yes, yes, Jesus spoke words of comfort to the thief on the cross by his side, he gave peace and forgiveness to the woman of shame, he instructed the rich young man in the way of salvation, "outside the Church." Blessings of whatever nature, were dispensed by Jesus in his earthly ministry as individual cases required. But in his last commission before ascending to the Father he delegated to his apostles the ministry of his gospel to all people to the end of time—terms and promises to all alike.

One trying to "be a Christian outside the Church," is doing so at his peril. God may save him, but if so, it will be apart from and independent of the scheme of redemption inaugurated by Christ and revealed in his word.

In the Church are those whose lives are enriched by the love of God, spending and being spent for others—beautiful characters, "having a right to the tree of life."

"Without are dogs, and sorcerers, and whoremongers, and murderers, and idolaters, and whosoever loveth and maketh a lie."

For heaven's sake, man, in whose company do you choose to live?

ALEX. HOLT.

SUNDAY SCHOOL LESSON

MIRACLE OF LOAVES AND FISHES

By Harlowe R. Hoyt and Walter Scott

When the apostles returned from their evangelistic tour of Galilee, they learned of the death of John the Baptist. Saddened and tired, they took a boat near Capernaum and set sail to find a quiet spot.

But the villagers had spied the little band. They followed the boat along the shore while others joined them. When Christ landed, he found a multitude awaiting him. So he preached to them.

Evening approached and the listeners grew hungry. How many loaves have ye? Christ asked, and his disciples answered: Five and two fishes. Commanding the multitude to sit by hundreds and fifties, Jesus took the bread and fishes and blessed them. This he gave to his disciples to apportion. By a miracle, there was enough to feed five thousand men, besides women and children, while of broken pieces they took up twelve basketfuls.

Livestock Market

By Bureau of Agricultural

Economics.

South St. Joseph, Mo., March 8.

Higher priced weighty steers lost some

of their price elevation when 15 to 35

cent losses occurred. Call for steers at

\$12 down and most yearlings was more

reliable and values remained practically

steady. A few big weight bullocks

reached \$14.50, good to choice heavy

weight loads made \$13.10 to \$13.90 and

good yearlings brought \$13.25. The bulk

of steers and yearlings sold at \$11.25 to

\$13.00. Strictly choice heavy weights

were quotable slightly above \$15. Fat

she stock and bull values showed little

change. Choice 675-lb heifers topped

at \$12.25, the bulk moved at \$10 to

\$11.40, the majority of beef cows went

at \$7 to \$9.50 and choice offerings

ranged above \$10. Sausage bulls cleared

at \$7.50 down. Vealers declined 25

to 50c and topped at \$13. Stockers and

feeders were scarce and steady, choice

200-lb feeders went on country account

at \$12.25.

Hogs.

Butcher values declined 5 to 15c and

left prices with a small margin above

the season's low point. Packing sows

ruled steady to 25c higher. A broad

shipping demand imparted activity to

most sessions. On late rounds choice

190 to 210 lb weights topped at \$8.15,

the bulk of 170 to 270 lb offerings

changed hands at \$7.90 to \$8.10 and

340 lb heavyweights brought \$7.70.

Smooth lightweight packing sows com-

manded \$7.25.

Sheep.

Fat lambs ruled strong, yearlings ad-

vanced 25 to 50c and aged stock was

unchanged. Choice western lambs top-

ped late at \$15.40 and native wool-

lambs ranged downward from \$14.75.

Fat ewes topped at \$9.25.

The best high school basketball
teams of Northwest Missouri gathered
here today and began play at 9 o'clock
this morning in the first round of the
annual Northwest Missouri basketball
tournament at the State Teachers Col-
lege. Out of seven of the eight first
round games played up to 2:15 o'clock
this afternoon Richmond and Maryville
appeared as probable contenders for
the title. However, Oregon, matched
with Plattsburg, came here with a big
reputation, and with Liberty and Gil-
man City winning easily, a tournament
of many evenly matched games was in
prospect for tonight and tomorrow.

First round consolation flight games
were scheduled late this afternoon, and
tonight the second round games of the
championship flight will be disposed of.
For tomorrow morning's schedule the
semi-finals of the consolation flight
will be played and in the afternoon the
semi-finals of the championship flight
will be played.

The games start at 10 o'clock in the
morning and at 2 o'clock in the after-
noon. The finals tomorrow night will
start at 7:30 o'clock.

Liberty won in easy fashion from
Kingston 22 to 9 and Gilman City dis-
posed of Cameron to the tune of 23 to
5. Pickering ran up against a resistant
foe in Hale, but won 26 to 13. Rock
Port barely nosed out Albany 16 to
12. Richmond ran roughshod over
Breckenridge 40 to 13.

The Maryville rooters were greatly
pleased as the Spoofhounds nearly
doubled the score over Mercer, winning
28 to 15. As Oregon is "doped" to
win its first game, the Spoofhounds
were preparing for a stiff game at
9:15 tonight against Oregon.

A resume of each game played up un-
til 2 o'clock this afternoon:

Liberty 22, Kingston 9.

In the first game this morning, begin-
ning at 9 o'clock, Liberty easily defeat-
ed Kingston, 22 to 9. Liberty, playing
a slow and sure type of game, took an
early lead and held it throughout the
rest of the game. At the end of the

first half the score was 10 to 5 in
favor of Liberty.

After the intermission, Kingston
showed its first scoring spurt and
gained a few points on the Liberty
men. When the third quarter began,
however, Liberty came through with
a withering barrage of baskets to cap
the game by the considerable margin.

Gilman City and Cameron next took
the floor to decide second round eligi-
bility. Gilman City displayed a sur-
prisingly strong quintet, both offensive-
ly and defensively. In this match the
Gilman City men defeated Cameron in
a second one-sided contest, 23 to 5.
Gilman City played a game, entirely
different from the winners of the pre-
vious contest, showing more dash and
and speed while Liberty played cool-
ly and carefully. Both won by long
scores.

Pickering men showed all their power
with a shower of baskets from Morris,
B. Rickard, McGinness, and C. Rick-
ard. Hale scored first however at the
very first of the game and led at the
first quarter 5 to 3. Pickering took the
lead in the second division however
to gain a lead at the half of one point.
In the last half, Morris began his of-
fering which soon ran up the lead to a
long margin.

TOURNEY NOTES

Excelsior Springs of Clay county
withdrew from the tournament at the
last minute. M. E. Sealeman, manager,
received a telephone call from W. S.
Smith, superintendent there, this
morning, stating that it would be
impossible for Excelsior Springs to
make the trip. Trenton was paired
with Excelsior Springs to make the
trip. Trenton was paired with Ex-
celsior Springs and consequently had no
first round game.

Orville Hedges and Paul Burks were
scoring the tourney games this morn-
ing. They are members of the Bearcat
basketball squad and both have refer-
bers

eed a number of games this season.
The officials of the tournament re-
ceived an offer of a Bethany man to
score the tournament for \$6 a day and
expenses. Teachers College athletes
scored the sub-district tourney games
and will do the same in this tourna-
ment.

Hale, the team which gave Pickering
a run for its money in the first half
and then went to pieces in the last
two quarters, drove 185 miles last
night in order to reach Maryville at
10:30 o'clock. The team had to fight
mud and find its way on detours. Each
member of the Hale team received a
telegram from some student of the
Hale High school just before the game
started.

Cameron, which lost to Gilman City
5 to 26, lost the team's best player
day before yesterday. The player be-
came 21 years old then, and according
to the Association rules was ineligible
for competition with Association mem-
bers

College officials in charge of the
tournament believe that the system
of not playing a final game in the
sub-district tournaments is a good
plan. Some teams which came here
today for the district tournament
were badly defeated in the final game
of their own sub-district tournament
and were rather downhearted because
of the defeat. At the tournament here
last week Maryville and Pickering
went through to the semi-finals, where
the tourney ended.

Liberty defeated Excelsior Springs
in the final game at William Jewell
fact that Excelsior Springs was beaten
in the unnecessary final game had
something to do with the team with-
drawing from the district tourney.

tral School, son of Mr. and Mrs.

when he was playing basketball at
the school late yesterday afternoon.
He was unable to walk following the
accident, but returned to school this
morning.
